

Dingess Elementary School Math Field Day Intent to Participate Form

Monday October 24, 2022

Dear Parents and Students,

We are excited to announce that our Math Field Day Event is fast approaching for our fourth and fifth grade students. Students in these grades will compete locally with other fourth and fifth grade students in Mingo County. The Math Field Day Event location and date will be released as soon as the information is available with the anticipated date to occur in January 2023 (location, date, and time TBA). Students chosen to be a participant in the event will begin practicing in November 2022.

Please complete and return the bottom portion of this form to indicate your child's intent to participate in this experience. Please keep the top portion (school event, dates, and times) as a quick reference of dates when planning your calendar. Information on the events will be available on the school website under the student tab. A copy of the web links, rules and regulations can be made available at your request. We look forward to working with our students on the extra-curricular opportunities listed below.

Sincerely,

Lisa A. Vance, Academic Coach DES
