

Mingo County Schools

Health Requirements for the 2023-2024 school year

Please bring all medical forms to the school nurse on the first day of school.

Students may not be allowed to attend without these documents.

All PreK and Kindergarten students entering school must have a shot record showing all required vaccines have been completed, a physical exam and a dental exam by a healthcare provider before school starts.

All 2nd grade students must have a physical exam and dental exam by a healthcare provider completed before school starts.

All 7th grade students must have a shot record showing proof of having a Tdap and Meningitis vaccine, a physical exam, and a dental exam before school starts.

All 12th grade students must have a shot record showing proof of having a Tdap and Meningitis vaccine, a physical exam, and a dental exam before school starts.

**If students already have a physical exam or a dental exam dated after 08/28/22, this proof of exam may be used.
