This new way of learning helps us to realize that anything can be accomplished with a little effort. I hope your child is working well each day in their home learning environments. I appreciate the many photos and videos you have shared with me showcasing their hard work. Please know I am here for you and your child, if you need my assistance. These are very trying times for all of us and together we can overcome this challenge! I miss the time with my students that we lost. Stay Safe and Healthy at Home! 😊
