

Your Benefits Maintenance

Health Insurance-Life Insurance-Dental Insurance-Vision Insurance

Mingo county employees have several insurance options available to them. It is the responsibility of the employee/ policy holder to maintain the accuracy of the information reported to the insurance companies. Your policies should be reviewed annually and changes made accordingly.

In some instances, changes or updates need to be made immediately. IE: Divorce, birth of a new child etc. Most changes with health and life insurance can be made online. Contact your benefits coordinator for changes to your vision & dental insurance.

Failure to report or make changes can be and is considered insurance fraud by the policyholder.
